Discussion Requested:

Questions for discussion include:

- Of the Strategic Priorities, which ones are most solidified? Which need more clarity? Which have strong consensus among the Council, or less consensus?
- Should we proceed with developing goals and actions for these in future work sessions? Should we plan to meet earlier for work sessions, or do a half day meeting?
- Considering the Funds discussions, where did there seem to be the most consensus? Where is more discussion needed? What considerations will be the most challenging?
- Final thoughts and comments
